VLAIR

DJ & PRODUCER · MEDELLÍN, COLOMBIA

BIO

What VLAIR does in her set is better experienced live than read on paper. Her sound combines elegance with sustained energy, creating real connection with the crowd and keeping floors full. Afro House as her foundation, always with that Afro-Latin texture that resonates with Latin American audiences without losing her European followers. Sets from ninety minutes to two hours, venues that come back, and festivals that keep adding her. One of the most serious female propositions coming out of Medellín right now.
